

SPECIAL ASSEMBLY BY GRADE II C

SHARING IS CARING - A REPORT

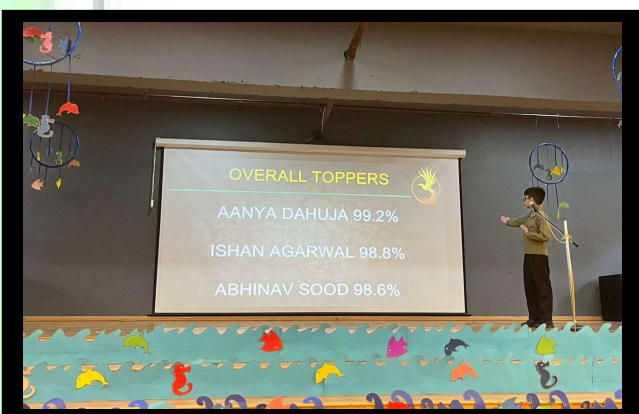

"Your abundance is not measured by what you have, it is created by what you share".

On Tuesday, October 1, 2024, students of Grade II C conducted a thought-provoking assembly on the theme 'Sharing is Caring'.

The assembly commenced with an introduction of the theme on which it was based, setting the tone for a meaningful discussion and underscoring the value of sharing and caring in our daily lives.. This was followed by a heartfelt morning prayer to invoke the blessings from the Almighty. The Thought of the Day emphasized the significance of kindness, while the Word of the Day highlighted the importance of generosity.

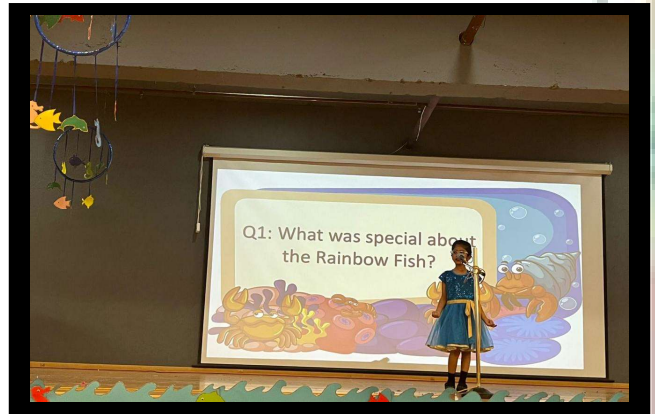

The news report team, which presented the National and International news, kept the audience informed about current global events.

The students showcased their creativity through a captivating skit, "The Rainbow Fish,". The moral of the story – that sharing brings joy and strengthens relationships – resonated deeply with the audience. The skit concluded with a vibrant dance performance by the entire cast, mesmerizing the audience with their colourful costumes and synchronized movements.

The assembly concluded with an engaging quiz round, involving both students and parents, testing their knowledge on the topic. Head of School, Ms. Nandita Mathur, delivered an inspiring speech, praising the students' efforts and creativity. Her motivational words boosted the students' confidence, encouraging them to embody the spirit of sharing and caring. The assembly was a resounding success, fostering a sense of community and empathy among students, teachers and parents.
