

Report on Assembly by International Academia

Date: 10th November 2025

The students of International Academia presented a vibrant and thought-provoking assembly titled *“The Halloween Jamboree: Chaos to Unity.”* The assembly opened with a dramatic and humorous introduction where students, dressed as various monsters, set a lively Halloween atmosphere. Through engaging performances—including a comical “Monster Talent Show” and an energetic rap and dance medley—students showcased their creativity, coordination, and stage confidence.

The turning point arrived with the entry of “The Spirit of Division,” who reminded everyone that true celebration lies not in chaos but in unity. The message beautifully unfolded as the performers came together in harmony, ending with the idea that the real magic of life lies in compassion and togetherness.

The audience thoroughly enjoyed the humour, music, and moral woven seamlessly into the performance. The assembly not only entertained but also inspired reflection on teamwork and empathy.

Learning Outcome: Students learned the importance of collaboration, inclusion, and celebrating diversity while developing communication, performance, and organizational skills.
