*“In the summer, the days are long, stretching into each other. Out of school, everything is on pause and yet happening at the same time, this collection of weeks when anything was possible.”*

*—Sarah Dessen*

*Dear Parents,*

*The above quote explains summer in its entirety. The summer season brings along a much needed break from the routine so that we are all ready and rejuvenated to work harder and smarter to achieve our true potential both academically and co scholastically when we join back. Summer vacation is the time when children can be more independent, inquisitive and creative. This is the time to nurture and develop skills, other than intellectual skills. This is the time to get together and enjoy as a family without the stress of deadlines and examinations eating into the “US” time. Take this opportunity to bring out the child in you and try to fulfill some of your childhood dreams with your child as your partner. Trust me, this way you will make memories that you will cherish your lifetime.*

*Let me in the same breath reiterate that we are sending along some fun filled tasks for your child to remain connected with academics. Holiday homework is focused on bringing out the creative and latent talents and skills of the children in a manner that will be both enjoyable and educative.*

### *I. Summer tips for our babies:*

- Dress your children in loose, light-colored clothes.
- Take them for outdoor activities in the morning and evening hours.
- Keep your children hydrated. Make them drink lots of water.
- Help your children learn new things through exploring their interests.
- Books are childrens' best friends. Create your child's interest in different colorful books.
- Motivate your children to speak golden words
- Have a bed-time story session with your kids.

### *II. Some tips to develop our children's personality:*

*'Life skills' inculcation will help our children become more independent. Please make them do the following activities:*

- Buttoning his /her shirt
- Packing his /her school bag
- Tying his /her shoe laces
- Keeping his /her belongings back in their place
- Arranging shoes in the shoe rack
- Filling up the water bottles

*"Social skills" inculcation will help our children become sociable in class. Please make them do the following activities:*

- Greeting with a smile when someone comes to the house
- Conversing freely with visitors, relatives coming over to the house
- Answering the phone calls with a polite "Hello", also asking "May I know who is calling?"
- Speaking politely and sharing with peers.
- Using the magic words

*Excuse Me! Please, I'm Sorry, Thank You, May I?*

*Encourage the little one to take care of their “Personal Hygiene” by inculcating the following habits:*

- *Brushing teeth twice daily*
- *Combing hair regularly*
- *Bathing everyday*
- *Washing hands before and after meals.*
- *Trimming the nails and keeping them clean*

*To develop “Fine Motor Skills” let your child indulge in activities like:*

- *Mashing Potatoes*
- *Rolling Chapatis*
- *Shelling out peas*
- *Zippering and unzipping*
- *Buttoning and Unbuttoning*
- *Opening and closing the bottle cap, tiffin lid*
- *Turning pages of a book*
- *Squeezing bath sponges*
- *Watering the plants using spray bottles*

*Please do these activities at home during the vacations so that children remain in touch with these basic skills.*

*Let me end with a beautiful poem by Paul Laurence Dunbar.*

*"Oh, summer has clothed the earth  
In a cloak from the loom of the sun!  
And a mantle, too, of the skies' soft blue,  
And a belt where the rivers run.*

*And now for the kiss of the wind,  
And the touch of the air's soft hands,  
With the rest from strife and the heat of life,  
With the freedom of lakes and lands.*

*I envy the farmer's boy  
Who sings as he follows the plow;  
While the shining green of the young blades lean  
To the breezes that cool his brow.*

*He sings to the dewy morn,  
No thought of another's ear;  
But the song he sings is a chant for kings  
And the whole wide world to hear.*

*He sings of the joys of life,  
Of the pleasures of work and rest,  
From an o'erfull heart, without aim or art;  
'T is a song of the merriest ..."*

*Enjoy your summer vacations. May you all have an exciting summer full of cheer and fun.*
