## MATHEMATICS DAY

“ The only way to learn mathematics is to do mathematics”.

On this note Imperial Heritage School celebrated Mathematics Day on 21<sup>st</sup> December, 2018 Friday. The day started with a special assembly conducted by primary wing students where in they shared amazing facts about zero. Also interesting tables tricks of 19, 29, 39, and 49.were shared for fast calculations. The assembly was concluded by paying tribute to the great mathematician Srinivasa Ramanujan by discussing his life and achievements.

After the conclusion of the assembly interesting activities were planned for various classes Origami session was conducted for grade 1 and 2 where the students made useful paper dustbins and beautiful heart by paper folding. Number Grid game was organised for Montessori kids to enhance their number recognition skill. Tangram activity was planned for grade 4 and 5 to develop problem solving skill, visual spatial awareness and creativity.

All of this has made the Mathematics day celebration a fruitful experience for the students.

## CHRISTMAS CELEBRATION

Christmas is the spirit of giving without a thought of getting. Soaking in the spirits of Christmas, the tiny tots and primary wing of Imperial Heritage School celebrated the festival on 24<sup>th</sup> December, 2018 with gaiety. The entire family of IHS was festooned with colourful streamers and balloons and a bright decorated X-mas tree with the stars and gifts.

Games were an add on to the fervor of the festivity. There were melodious carols. The enjoyment still continued in the school where the kids were helped to make socks out of the A4 size sheet using colours and wrote their wish upon it for santa to fulfil. The celebration came to an end with scrumptious fest on light snacks and refreshing drink. The enjoyment still continued with kids watching movie related to Christmas. This way the whole day was spent with lot of fun and frolic.

### Kisan Diwas

On the same day Kisan Diwas was also celebrated. To honour the farmers, the teacher made the children aware about the importance of farmers in our life.

## VISIT TO RAIL MUSEUM

To educate our children about the history of railways in India we took them to the National Rail Museum in New Delhi which focuses on the rail heritage of India. The tiny tots and primary wing of Imperial Heritage School got an opportunity to visit the Rail Museum on 27<sup>th</sup> December, 2018. It was a pleasant Thursday morning. The children were attentive, excited and asked many questions during the visit.

The Rail Museum is a unique collection of over 100 Life size exhibits of train models. We also saw working models of Landmark stations. This was a new addition to the museum and highlight the excursion, as the children were enthralled to view fast and slow moving miniature trains traversing a network of tracks.

During the visit the teachers explained the benefits of the rail in our country.

The students were delighted with their ride on the Joy Train! They also got a chance to see specimens of the signal system, new communication techniques, steam engines etc and finally the modern technology used in 21<sup>st</sup> century. Children had a great time in this museum.
